Educational assistance payments to the plan's beneficiary can begin once he/she becomes a full-time student at a qualifying post-secondary institution. Students with disability may receive educational assistance payments for part-time study. Payments under the plan can be used to cover the student's living expenses, educational expenses such as tuition fees and books, and other relevant expenses.

Note, that income can be withdrawn for Education Assistance Payments only.

A beneficiary cannot receive more than NOT that \$5000.00 in the form of an EAP during the first (13) weeks of his or her post-secondary.

If your RESP received Canada Education Savings Grants (CESG), in most cases, a part of each Income payment will be attributed to the CESG funds received by the plan; Non-Residents are not eligible for CESG as a portion of their withdrawal.
